

## **THE ELEVATOR BACK ( S.Plante)**

Gonna feel so expedited  
When you get  
The elevator back  
Promises never break no habits  
Time to get  
The elevator back  
Come on finish what you started  
B'fore you get  
The elevator back  
You thought you'd get  
What you wanted but you got  
The elevator back  
You can't always beat the masses  
You will get  
The elevator back  
Might take longer than you'd expect  
But you'll get  
The elevator back  
Should a lent a hand to start with  
Should a sent  
The elevator back  
But you kept it all to yourself  
Wouldn't send  
The elevator back  
Gonna get more than you wanted  
Once you get  
The elevator back

Come on finish what you started  
Come and get  
The elevator back  
Gonna get more than you wanted  
Once you get  
The elevator back  
Do you think you've had enough yet  
Time to get  
The elevator back

Come and get  
The elevator back.
